## Math 9

## Chapter 1 ~ Rational Numbers

| Learning Outcomes ~ Student can: |  |
| :---: | :--- |
| R1 | demonstrate an understanding of rational numbers by comparing and <br> ordering rational numbers. |
| R2 | add, subtract, multiply, divide, and apply the order of operations to <br> fractions. |
| R3 | add, subtract, multiply, divide, and apply the order of operations to <br> decimals. |

| Date | Topic |
| :---: | :---: |
| Wednesday, February 7 | Lesson R1: What is a Rational Number? <br> - Rational Numbers Maze |
| Thursday, February 8 | Lesson R1 (continued) <br> - Ordering Fractions \& Decimals Worksheet |
| Friday, February 9 | Quiz R1 <br> Lesson R2: Fractions <br> - Adding and Subtracting Fractions Worksheet |
| Monday, <br> February 12 | Lesson R2: Fractions <br> - Multiplying and Dividing Fractions Worksheet |
| Tuesday, <br> February 13 | Lesson R3: Fractions <br> - Order of Operations with Fractions Worksheet |
| Wednesday, February 14 | Quiz R2 <br> Lesson R3: Decimals <br> - Adding and Subtracting Decimals Worksheet |
| Thursday, February 15 | Lesson R3: Decimals <br> - Multiplying and Dividing Decimals Worksheet |
| Tuesday, <br> February 20 | Lesson R3: Decimals <br> - Order of Operations with Decimals Worksheet |
| Wednesday, <br> February 21 | Quiz R3 <br> Review |
| Thursday, February 22 | Review |
| Friday, <br> February 23 | Rational Numbers Test |
